

# MIRROOL CREEK

For guidance on planning your revegetation or restoration site (size, shape, species, density of planting) refer to chapters 4 and 5 of this guide, and head to [www.revegetation.org.au](http://www.revegetation.org.au)

Remember: good quality vegetation sites may not need revegetation at all. Appropriate management can encourage natural regeneration.

| LANDFORM         | Ephemeral Creeks and Riparian  |  | Rocky Outcrops   |  | Riverina Plains  |   |
|------------------|--|--|--|--|--|---|
| VEGETATION TYPE  | Yellow/ Grey Box Tall Grassy woodland  |  | Dwyers Red Gum Currawang Shrublands  |  | Grey Box Tall Woodland   |   |
| GEOLOGY & SOILS  | Red, brown or yellow sandy or loamy soils on flats and rises on alluvial plains.   |  | Shallow gravel, sandy or loamy soils derived from sandstone, conglomerate, chert, granite and volcanics on rocky hills.  |  | Red-brown earths soils comprising Quaternary alluvium often as terraces on old alluvial plains or undulating peneplain landforms overlaying a range of underlying rock types including sandstone.  |   |
| LOCATION EXAMPLE | Mirrool Creek at 'The Willows'   |  | Brobenah Trig Point  |  | Binya State Forest   |   |
| TREES > 8 m      | <p><i>Acacia homalophylla</i> - Yarran<br/> <i>A. pendula</i> - Boree<br/> <i>A. salicina</i> - Cooba<br/> <i>Allocasuarina luehmannii</i> - Bulloak<br/> <i>Casuarina cristata</i> - Belah<br/> <i>C. cunninghamiana</i> - River Sheoak<br/> <i>Eucalyptus dealbata</i><br/>                     - Tumbledown Gum<br/> <i>E. dwyeri</i> - Dwyer's Red Gum</p>   | <p><i>E. largiflorens</i> - Black Box<br/> <i>Melaleuca diosmatifolia</i><br/>                     - Pink Honey Myrtle<br/> <i>M. lanceolata</i> - Moonah</p>  | <p><i>Allocasuarina verticillata</i><br/> <i>Callitris endlicheri</i><br/> <i>C. glaucophylla</i><br/> <i>Casuarina cristata</i><br/> <i>Eucalyptus blakelyi</i><br/> <i>E. dwyeri</i><br/> <i>E. microcarpa</i><br/> <i>E. populnea</i><br/> <i>E. viridis</i></p>  | <p>Drooping Sheoak<br/>                     Black Cypress Pine<br/>                     White Cypress Pine<br/>                     Belah<br/>                     Blakely's red Gum<br/>                     Dwyer's Red Gum<br/>                     Grey Box<br/>                     Bimble Box<br/>                     Green Mallee</p>  | <p><i>Allocasuarina luehmannii</i> - Bulloak<br/> <i>A. verticillata</i> - Drooping Sheoak<br/> <i>Brachychiton populneus</i> - Kurrajong<br/> <i>Callitris endlicheri</i> - Black Cypress<br/> <i>C. glaucophylla</i><br/>                     - White Cypress Pine<br/> <i>Casuarina cristata</i> - Belah<br/> <i>Eucalyptus dumosa</i> - White Mallee<br/> <i>E. dwyeri</i> - Dwyer's Red Gum</p>   | <p><i>E. intertexta</i> - Gum Coolabah<br/> <i>E. melliodora</i> - Yellow Box<br/> <i>E. microcarpa</i> - Grey Box<br/> <i>E. populnea</i> - Bimble Box<br/> <i>E. socialis</i> - Red Mallee</p>  |
